

Make your plans now to join us for the DENTASA AGM!

There's Something for Everybody!

We're excited to welcome you to the 2006 DENTASA Annual General Meeting. This will be the biggest and most incredible AGM EVER! This year's speaker line-up will just knock your socks off, and the social events will be more fun than ever.

The weekend kicks off Friday evening with the Wine and Cheese social to see what's new at the exhibits and meet and greet old friends. Saturday morning will be the all important AGM with fantastic lectures in the afternoon. A new addition to the program will be an awards ceremony at the dinner Saturday night where special awards will be made to individuals and suppliers who made significant contributions to the industry.

See you the weekend of the 2 & 3 June at the St. George, midway between Pretoria and Jo'burg.

Who are going to represent YOU?

We would like to notify all members of the upcoming election of the new Executive Committee. Consider whom you would regard as favourable candidates. There will be vacancies as all executive members are not up for re-election.

LIFESTYLE DENTISTRY

Mr John Hannah of LIFESTYLE DENTISTRY, kindly donated R3000,00 for charity in lieu of sending out Christmas cards. DENTASA chose to divide the money equally between the Sungarden Hospice and Boy's - and Girl's Town. We applaud John for his inspiring gesture.

PENSION FUND

The net, that is after tax on retirement funds and fees, investment returns of the fund were 27.23 % for January 2005 to December 2005. The benefit statements will be issued in March 2006 and an Information Booklet is available at www.dentasa.za.org. During 2006 technicians will be allowed to access their information via the internet to do quotations, etcetera and members will be informed when the facility is available.

There are four trustees serving on the Fund of which two are appointed by the Principal employer (SADTC) and two are elected by the members of the fund.

Government Gazette 2006

Please do the following corrections: Code T010 should read 9702 x 4, and the Benefit including tax R 506.

Change 9451 to R 582.00

T084: Where Pressable ceramics are used 9314 may not be used but substituted with 9502

Rules:

8. All 9700 Codes (materials) are average prices taken from the highest and the lowest acceptable prices.

9. Global Fee Prices may vary from laboratory to laboratory due to the different cost of materials.

All 9000 codes other than 9700 -> 9780 are minimum fees and MAY NOT be charged at a lower rate.

LEGAL STATUS

DENTASA is now a registered Section 21 Company , not for gain.
